

LABORATORY ANALYST

Davidstow

Full Time, Fixed Term Contract (18 months)

YOU'LL MAKE CONTRIBUTIONS THAT MATTER BY...

- Ensuring tests are carried out to a high quality and delays are kept to a minimum.
- Following methods, SOP's and guidelines to actively monitor the quality of the product via result activity.
- Understanding and observing health and safety rules to promote a safe working environment.
- Following Good Laboratory Practice (GLP) at all times; hygiene, cleaning and equipment accountabilities must all be completed as a minimum each day.
- Testing raw materials through to finished product, highlighting any out of specification results to Laboratory Management.

YOU'RE BEST SUITED FOR THE ROLE IF YOU ARE...

- Experienced within Microbiology and Chemistry, or either discipline.
- Knowledgeable of food chemistry and/or microbiological principles is essential.
- IT literate including the use of standard Office based programs.
- Organised with good planning skills; must be able to work without direct supervision.
- A good communicator with the ability to communicate effectively, both verbally and written.
- Able to operate to strict timelines.
- Degree qualified in a microbiology, chemistry, or related food science discipline is preferred, although not essential. Other scientific qualifications will be considered.
